The Javanese people believe that the mountain is a symbol of all things sacred. Perched on the cliffedge, with stunning views of Bawah, Sanggah and Muerba islands, Kayu, meaning wood in Bahasa, will transport you to sacred ancient times.

## DINING

Dining on Elang is a culinary experience that uses natural elements and inspiration from around the Reserve—local woods for smokiness, salty ocean water for boiling, island clay for plancha cooking—all to imbue the food with subtle yet resonant impressions from our islands.

Elang guests can enjoy a variety of dining venues and options including The Club House, The Beach House, in-lodge, destination dining as well as the outlets on Bawah Island.

### The Club House

For the most exclusive setting in our island complex, The Club House is a two-storey open-air dining room and ocean-view bar that offers an unforgettable backdrop to the surrounding islands and the ocean beyond the lagoon. A perfect spot to catch the setting sun in the west.

### The Beach House

Embrace the breathtaking views of the azure sea and nearby Lidi island on a pristine private beach. Enjoy a relaxed beach atmosphere, chilled music and authentic local cuisine.
