Bawah Reserve is a sustainable resort offering a spectacular private island experience in Indonesia's remote Anambas archipelago. Our Earth-first philosophy guides everything we do; it's why we established a come-as-you-are, relaxed environment built upon the tenets of authenticity, excellent service and respect for our islands' natural wonders.

Daily rates include spa treatments, island activities (both on land and sea) and delicious cuisine using ingredients grown in Bawah's own gardens. With six islands, three lagoons, 13 beaches and 100 hectares of untouched forest, guests have their own natural playground to explore.

THE JOURNEY

GETTING TO BAWAH

The journey to the resort can start in either in Singapore or Batam, Indonesia.

SINGAPORE

Guests are picked up from the airport, hotel or private residence – by Bawah's preferred, outsourced car service and driven to Tanah Merah Ferry Terminal. From there, Bawah's travel host escorts guests on a 30-minute ferry ride to the Indonesian island of Batam. After clearing immigration, guests are driven to Batam airport where they board AirFast's amphibious seaplane for an 80-minute flight, landing on the water in the resort's main lagoon.

BATAM

A private car service picks guests up from their hotel or residence in Batam. They may opt to fly directly into the Hang Nadim Airport (BTH) where they will be met for direct transfer to AirFast's amphibious seaplane.

PRIVATE JET

Anyone travelling to Bawah Reserve via private jet should plan to fly direct to the Hang Nadim Airport (BTH) for transfer to AirFast's amphibious seaplane.

PRIVATE YACHT

We welcome guests arriving via private yacht; however, a room booking is required as part of your stay. Please note that mooring reservations must be made in advance, and there are size limitations within our lagoons. Our team will be happy to assist with planning your arrival.

GOOD TO KNOW

- ~ Journey from Singapore 4 hours (approx.)
- ~ Journey from Batam 3 hours (approx.)
- ~ Amphibious seaplane flight 80-minutes
- ~ Up to 4 seaplane flights per day, 7 days per week
- ~ Baggage allowance: strictly 15kg, incl. hand luggage, due to seaplane weight restrictions. Excess luggage may be stored with our ground staff
- ~ An overnight stay in Singapore or Batam is recommended before your trip due to our early morning pick-up times
